How old are the titles added each year?

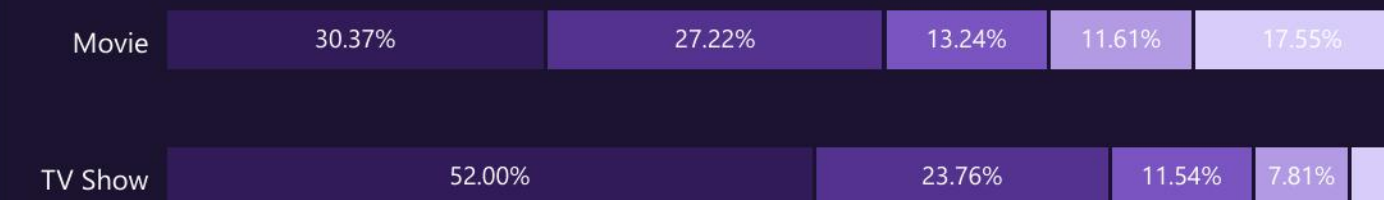

Share of each year's additions by age at the time they were added. Years since release, grouped into five bands.

● Added in release year ● 1-2 years old ● 3-5 years old ● 6-10 years old ● 10+ years old

Movies against TV shows

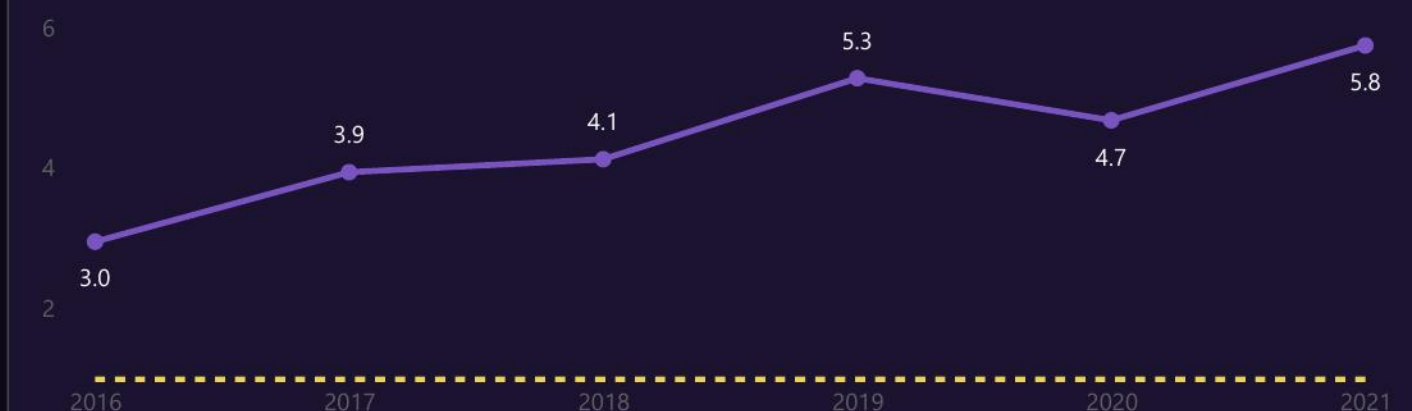

Share of each format by age on arrival, all years.

● Added in release year ● 1-2 years old ● 3-5 years old ● 6-10 years old ● 10+ years old

Typical age against average age

The average is pulled up by a tail of old titles. The dashed line is the median over all years.
